How to Create Udemy Videos With Zero Equipment, Zero Cost and Zero Help

By Andy Ng, Business Coach & Trainer, Asia Coaching Training.

Yes, the world has moved towards e-learning and currently Udemy is the world's number 2 platform with over 20 million students worldwide.

Yet if you were to read the guidelines of Udemy, you'll realize that it is far easier to conduct a 3-day course than to produce a 3-hour Udemy video learning. Many 'experts' will offer to help you for a fee ranging from \$1.5K to \$7K. Others said that you must attend a course and learn all the ropes before you post anything on Udemy. Is this the true situation?

In this short but highly entertaining and engaging talk, Andy will reveal to you the step-by-step guide on how to create a Udemy learning video (minimum 30 minutes) with zero cost, zero equipment and zero help. Whether you are now working as a trainer from home or from an office, all you need is your smartphone. What you'll bring back from this talk:

1. Reason why most trainers cannot create videos on Udemy and what to do about it
2. The Zero Cost, Zero Equipment and Zero Help Way to create Udemy video in 1 hour
